### Step-by-step instructions.

Thank you for choosing Southern Bank. Our business Switch Kit is designed to assist with transitioning your activity seamlessly. Simply follow the five easy steps below to complete your transfer to Southern Bank.

#### STEP 1 OPEN A NEW BUSINESS CHECKING ACCOUNT.

Tip: Write down the routing number **[281573259]** and your new business checking account number. You will need this information to change your automatic payments and direct deposits from your old account to your new Southern Bank account.

#### STEP 4 SWITCH YOUR AUTOMATIC PAYMENTS.

Tip: Have your new checking account number and routing number handy when you call to switch. If they require written notification, included are our easy Automatic Payment Authorization Request Form on page 7 to assist with your switch.

### STEP 2 STOP USING YOUR OLD BUSINESS CHECKING ACCOUNT.

Tip: Keep the account open until all outstanding checks have cleared and your automatic payments and transactions have been switched over to your new Southern Bank account. For your convenience, we have included a Business Organizer form on page 3.

#### STEP 3 TRANSFER YOUR AUTOMATIC TRANSACTIONS TO SOUTHERN BANK.

Tip: Payments such as dues, utility bills and vendor payments that are automatically debited from your account will need to be notified of the new Southern Bank account.

#### STEP 5 CLOSE YOUR OLD BUSINESS ACCOUNT.

Once all your checks have cleared and your automatic payments and direct deposits are successfully being deducted or credited from your new Southern Bank account, close your old account. The included Request to Close Account(s) Form (page 2) can be used to notify your old bank.

Tip: If you have old checks, bring them to any Southern Bank location and we can securely shred or destroy the old inventory and order new deposit materials.
